** Custom sizes available on request.*

The side table is a sophisticated piece that embodies the core idea of the Stria collection. It is designed to be used independently and also effortlessly complements a low-height coffee table. When used together, the side table and coffee table create cohesive possibilities and contribute to an inviting living space, blending contemporary aesthetics with natural materials.

Care :

Sealed Wood - Regularly wipe the surface with a soft, dry cotton cloth. Clean as needed with a mild detergent designed for wood.

Stone - Regularly clean the surfaces with a soft, dry cotton cloth. If needed, use a mild, acid-free detergent. To prevent staining, avoid contact with acidic substances such as soft drinks, tea, coffee, citrus fruits, and certain cleaning or chemical products. Should any of these come into contact with the surface, promptly wipe them away.
